Quantify Histone Methylation with Our Comprehensive Kits

Quantify histone methylation effortlessly using EpigenTek's user-friendly solutions. Our multiplex kits streamline screening and measurement of multiple histone H3 or H4 modification patterns on a single plate. Or, explore precise quantification with our simplified ELISA-like kits for measuring histone H3 or H4 methylation at specific lysines.

EPIQUICK HISTONE H3 MODIFICATION MULTIPLEX ASSAY KIT (COLORIMETRIC)
(32+ product citations)

- 21 histone H3 modifications screened
- Rapid 2.5-hour procedure
- Detects as little as 0.5 ng/well per modification
- Includes total histone H3 sets

Catalog # EP-P-3100

EPIQUICK HISTONE H4 MODIFICATION MULTIPLEX ASSAY KIT (COLORIMETRIC)
(6+ product citations)

- 10 histone H4 modifications screened
- Fast 2.5-hour procedure
- Detects as little as 0.5 ng/well per modification
- Includes total histone H4 sets

Catalog # EP-P-3102

Protein Preparation

Epigentek, offers an extensive range of protein preparation products and services that are designed to provide researchers with high-quality, purified proteins for their downstream applications. From protein isolation and purification to protein characterization and functional assays, our experienced scientists can guide you through every step of the protein preparation process.

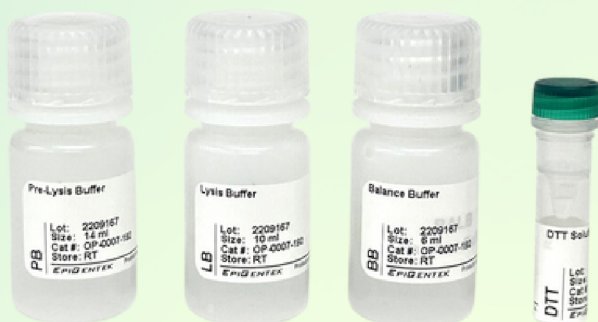

EpiQuik Total Histone Extraction Kit

For isolating histone proteins with post-translational modifications (PTMs) intact
(200+ product citations)

- **Input Type:** Unisolated Samples
- **Research Area:** Histone Acetylation, Histone Methylation
- **Target Application:** Sample Isolation
- **Vessel Format:** Columns/Tubes
- **100% Guarantee:** 6 months

Catalog # OP-0006-100

EpiQuik Total Histone Extraction HT Kit

For isolating histone proteins from mammalian cells cultured on a 96-well plate
(5+ product citations)

- **Input Type:** Unisolated Samples
- **Research Area:** Histone Acetylation, Histone Methylation
- **Target Application:** Sample Isolation
- **Vessel Format:** 96-Well Plate
- **100% Guarantee:** 6 months

Catalog # OP-0007-192
