

proteintech®

EUROMEDEX

3 for 2 Antibodies

Choose from polyclonal, monoclonal, and recombinant antibodies against 14,000+ targets.

NEW: Includes our rapidly expanding recombinant antibody range covering over 10,000 targets.

Use promo code: **B2G126**

Why choose Proteintech antibodies?

- 10,000+ recombinant antibodies available
- Multiple formats available for each antibody target
- Validated across key applications
- Convenient 20 µL trial sizes
- In stock with next-day delivery
- Cited in 400,000+ publications worldwide

Offer valid from May 18th to June 30th, 2026.

Terms and conditions apply.

Primary Antibodies

Highly cited polyclonal, monoclonal, recombinant, and conjugated antibodies to help you reach your goal.

When you need it all.

10k+

Recombinant Products

Uni-rAb™ Recombinant Antibodies

Recognize a single epitope on the protein of interest. Low background, highly specific. Good for mid-high abundant targets.

Proteintech monoclonal antibodies are raised in mouse. Learn more about our recombinant antibody production process.

AAATGACGGATTAA

6k+

Dye-Conjugated Antibodies

CoraLite® Fluorescent Dye-Conjugated Antibodies

Proteintech offers the most extensive portfolio of fluorophore-conjugated antibodies, specifically developed and validated for immunofluorescence applications.

Now available with CoraLite Plus 488, 555, 594, and 647.

14k+

Polyclonal Antibodies

Polyclonal Antibodies

Recognize multiple epitopes on the protein of interest. Binds with very high affinity. Good for low abundant targets, rare species and mutated proteins.

Proteintech polyclonals are raised in rabbit.

11k+

Monoclonal Antibodies

Monoclonal Antibodies

Recognize a single epitope on the protein of interest. Low background, highly specific. Good for mid-high abundant targets.

Proteintech monoclonal antibodies are raised in mouse.

Terms and conditions apply

1. Purchase 2 full size or 20ul antibodies and get a third full size or 20ul antibody for free.
2. Product of equal or lesser value will be chosen as the free product.
3. Discount may be applied to orders of up to 9 qualifying products (up to 6 paid and 3 free products per order).
4. PBS-only version of full-size antibodies are not included in the promotion. They must be purchased at full price.
5. All ChromoTek, HumanKine, and Genomics products are excluded from this promotion.
6. Tag/Control antibodies are included in this promotion.
7. Antibody trial packs cannot be redeemed as a single item.
8. Proteintech reserves the right to cancel or refuse this promotion at any time.
